

FORTRESS

Safety Switches for Automation

Who are Fortress?

Fortress designs and manufactures customised safety equipment, protecting people working in hazardous workplaces. We offer a tailored safety solution which is reliable and extremely durable, guaranteeing minimal downtime while always keeping your people as safe as possible. Fortress are a global business with multiple manufacturing facilities.

Heavy Duty

amGardpro is the ultimate range of safety gate products for heavy duty applications. Available pre-mounted to a plate and pre-wired for simple installation.

Medium Duty

tGard is an easily customisable range of compact aluminium alloyed products for medium duty applications.

Compact Guard Lock

Atom is a range of highly robust, high coded and compact guard locking and safety switch products.
